About Our Agency:

Many of our staff members are also international adoptive parents. Because of this, they are well aware of the emotional feelings that go hand-in-hand with an adoption, and are very passionate about the children and countries they represent.

Children's House International's licensed social workers and registered counselors are experienced in educating and guiding families through the international adoption process. They are able to provide Home Study and Post Adoption or Post Placement Report services to families living in Utah, Florida and Washington State. In other states, we will assist families as they locate and secure the services of a licensed Hague Accredited home study agency in their area.

Ukraine Adoption Program

Dear Family,

Thank you for your interest in Children’s House International’s Ukraine Program. We will be happy to assist you on your adoption journey to Ukraine. We have a site where you can have immediate access to all of our program documents, including Applications, Fees and other documents you will need to start your adoption. Just click on the link to the left for our general Children’s House and Ukraine documents. Then select Ukraine as the country.

Children’s House actually began over 35 years ago, and has been placing children from all over the world in loving homes ever since.

Parent Requirements: The Department of Children and Families places children with married couples only. There must be at least 15 years difference between parent and child.

Children: Ukrainian children available for adoption are children under 5 with special medical needs, older children and sibling groups. Ukraine is unique in that referrals are essentially blind, the child’s full social and medical history is provided to you when you travel to the country for your appointment with DCF to review potential child matches. Once you accept a potential referral you are given permission to meet the child at the orphanage.

Time Frame: Once your dossier is registered with the DCF, they will review it and send an invitation for an appointment to meet with a member at DCF and review potential matches. The invitation for an appointment can take anywhere from 3-12 months. All medical and referral information is provided to you directly by the DCF when you arrive for your appointment. CHI suggests families seek a doctor specializing in international adoption medicine to review the information. Upon accepting...
In each of the country sections you will find our Agency Application, Agency Retainer Agreement, and a written description of expected total fees detailed in our Financial Agreement and Disclosure. You will also find information on:

1. The number of adoption placements CHI does per year and the percentage of those placements that remain intact, are disrupted, or have been dissolved.

2. The number of parents who apply to adopt on a yearly basis, based on the data for the prior three calendar years.

Our mission at Children's House International is to provide children worldwide with permanent loving homes, and to provide families with the support they need to adopt and parent their children. We provide ethical adoption services.

a match the family attends court and process paperwork which can take approximately 8-10 weeks.

**Travel:** Both parents must travel to Ukraine for the appointment with DCF and Court approximately 3-4 weeks. After that one parent can return home and the other may stay and finish the paperwork. The whole process takes approximately 8-10 weeks from child acceptance to finalization.

**Home Study:** We will help you find a local Hague approved agency social worker to prepare your home study. It takes approximately two months to complete your home study, maybe a little longer and USCIS approval can take up to 2 additional months. Some states have more requirements than others. Ukraine requires 3 post adoption reports written by a Social Worker in the first three years, due annually. Your child will come home on an IH3 Visa which means they will be a US citizen upon arrival in the US. We still suggest that families re-adopt the child in their own state.

**Adoption Education and Required Educational Materials:** Children's House is dedicated to providing both information and support to our prospective parents. Please visit Adoption Learning Partners at: www.adoptionlearningpartners.org to take the required adoption education courses. Our requirements, under Hague Regulations, are a minimum of ten (10) hours of pre-adoption education classes. Please take the courses together (husband and wife) so you only have to pay once. The following courses are required at this time: Conspicuous Families, Let’s Talk Adoption, With Eyes Wide Open, and The Journey of Attachment and one other course of your choice (Adopting the Older Child, Medical Issues or Child’s Best Advocate). There is also an Adoption Tax Credit course that you can take if you would like to, but this does not meet our educational requirements. This educational requirement is mandatory. Please print out the certificate of completion when you have finished and send it to Children’s House for your file. Completion of these courses must be documented in your home study.

**Four steps to Begin an International Adoption:**
