

CHI FAMILY SERVICE PLAN Ecuador Program

Children's House International (CHI) is the Primary Provider for my/our adoption case.

Service	How & When	Responsible Party
1. Identifying a child for adoption and arranging adoption	The local welfare department where the child is living conducts child investigations and determines whether a child should be removed from the birth family due to abuse, neglect or abandonment. This is done long before a child is referred to a potential family. The child is placed on a list, and local relatives are contacted for possible adoption; if none are found or interested, the search goes to a national level and if none are interested, placed on the international list with the Central Authority. "Arranging" the adoption continues throughout the case.	- MIES (MINISTERIO DE INCLUSIÓN ECONÓMICA Y SOCIAL)- The Central Authority of Ecuador - The Local social welfare agency in the region where the child resides. - CHI Foreign Supervised Provider
2. Securing consent to termination of parental rights and to adoption	The local social welfare secures the termination of parental rights in cases where the child can no longer safely stay in their birth family home. Case is brought to the local court over the region for decision. This step has been completed long before a child is referred to a potential family.	- MIES - The Local social welfare agency in the region where the child resides. - Local courts over the area where child resides
3. Performing a background study on a child or a home study on a prospective adoptive parent(s) and reporting on such studies	- The local child welfare department conducts a child background report and makes determinations based on such reports for removal and adoption. Conducted before a referral is given to a family. - Prospective adoptive parent(s) home study is performed by CHI or an exempted provider home study agency in the United States Necessary prerequisite to eligibility for receiving a child referral.	Performing and Reporting on a background study of child - MIES - The Local social welfare agency in the region where the child resides. Performing and Reporting on Home study of prospective adoptive parents - CHI or Exempted Provider (if applicable)

4. Making non-judicial determinations of the best interests of a child and the appropriateness of an adoptive placement for the child	Determinations for the child's best interest, to be placed for adoption, is made by the local child welfare where the child lives. The file is forwarded to the Central Authority and CHI once referral is received for a specific family. This happens once the legal determination is made to remove the child from the birth family home.	- MIES - The Local social welfare agency in the region where the child resides. - CHI
5. Monitoring a case after placement until final adoption	The Prospective Adoptive Parent(s) upon arrival meets the child and receives temporary custody. This is monitored by MIES and remotely by CHI. If the Prospective Adoptive Parent(s) and MIES determines they want to move forward with the adoption, the PAPs and MIES sign the acceptance form and the case is sent to the court. Child is adopted in court several weeks later with the PAPs present. PAPs then obtain necessary documentation, go to the Embassy and return home with child.	- MIES - The Local social welfare agency in the region where the child resides. - CHI
6. Assume custody of child in case of disruption before final adoption	MIES assumes custody of child in case of disruption before final adoption.	- MIES - The Local social welfare agency in the region where the child resides.
