

CHI FAMILY SERVICE PLAN Hungary Program

Children's House International (CHI) is the Primary Provider for my/our adoption case.

Service	How & When	Responsible Party
1. Identifying a child for adoption and arranging adoption	The local welfare department where the child is living conducts child investigations and determines whether a child should be removed from the birth family due to abuse, neglect or abandonment. This is done long before a child is referred to a potential family. The child is placed on a list, and local relatives are contacted for possible adoption; if none are found or interested, the search goes to a national level and if none are interested, placed on the international list with the Central Authority. "Arranging" the adoption continues throughout the case.	- Ministry of Human Capacities, Department of Child Protection and Guardianship Affairs - Local Family Social Affairs Office - CHI - Foreign Supervised Provider
2. Securing consent to termination of parental rights and to adoption	The local social welfare secures the termination of parental rights in cases where the child can no longer safely stay in their birth family home. Case is brought to the local court over the region for decision. This step has been completed long before a child is referred to a potential family.	- Ministry of Human Capacities, Department of Child Protection and Guardianship Affairs - Local courts over the area where child resides - Local Family Social Affairs Office
3. Performing a background study on a child or a home study on a prospective adoptive parent(s) and reporting on such studies	- The local child welfare department conducts a child background report and makes determinations based on such reports for removal and adoption. 4. Making non-judicial determinations of the best interests of a child and the appropriateness of an adoptive placement for the child	Determinations for the child's best interest, to be placed for adoption, is made by the local child welfare where the child lives. The file is forwarded to the Central Authority and CHI once referral is received for a specific family. This happens once the legal determination is made to remove the child from the birth family home.	- Ministry of Human Capacities, Department of Child Protection and Guardianship Affairs - Local Family Social Affairs Office - CHI
5. Monitoring a case after placement until final adoption	The Prospective Adoptive Parent(s) visits the child for a bonding of approximately 30 days in Hungary. This is monitored by the local child welfare, remotely by CHI. If the Prospective Adoptive Parent(s) and child welfare determines they want to move forward with the adoption, the family signs the acceptance form and a court date is arranged for adoption. Child is adopted in court with the family present.	- Ministry of Human Capacities, Department of Child Protection and Guardianship Affairs - Local Family and Social Affairs Office in the region of the child - CHI
6. Assume custody of child in case of disruption before final adoption	The family has custody of the child to stay with them in their hotel for 30 days bonding while being visited weekly by the local child welfare social worker. If the family decides not to proceed with the adoption, the local child welfare removes the child from the family and places them with their foster care or previous orphanage.	- Ministry of Human Capacities, Department of Child Protection and Guardianship Affairs - Local Family and Social Affairs Office in the region of the child
